Your Excellency,

At our meeting this evening we learned about the terrorist attack that was planned to take place on the Virgin Mary and Father Seifin Church, when Christmas was to be celebrated in early January.

We ask that you will convey our thanks and appreciation to Imam Sheikh Sayed Askar for the actions he took in averting a major disaster.

In addition, we would ask you to express our highest praise and deepest gratitude to General Nasar Mansour, members of the Bomb Squad, the police who attended the scene and all who put themselves in danger for the sake of others at that time. Please be assured we prayed for the complete healing for all who were injured.

We also wish our condolences to be conveyed to the family of Major Mustafa Abid who gave his life saving others. Thank you.

Be assured of our best wishes for you and your country.

Yours sincerely
